PROFILE

Highly creative and dedicated professional anthropologist with proficiency in qualitative and quantitative data collection, analysis, and data management.

Experienced in designing and building responsive websites, while actively expanding expertise in website creation. Possesses strong critical thinking skills, keen observation, and a relentless commitment to producing results, with a clear dedication to volunteer and social work.

WORK EXPERIENCE

NYSC TEACHING ASSISTANT (HISTORY)

Ikorodu Junior Grammar School | Lagos, Nigeria | November 2024 – August 2025

- Created a detailed lesson plan for each academic session
- Delivered engaging and insightful information on historical events
- Collaborated with teachers and parents to track student progress and implemented targeted support strategies

ANTHROPOLOGIST: UNDERGRADUATE RESEARCH THESIS

University of Ibadan | Oyo, Nigeria | October 2023 – May 2024

- Conducted independent research on the culture of "sign-out" as a Nigerian academic final year tradition to identify key cultural dynamics
- Employed the use of qualitative methods like In-depth Interviews, FGDs (Focus Group Discussions) in data collection
- Analyzed the data collected and presented my findings in a structured, formal paper

CERTIFICATIONS

Elementary UI/UX Design — PDU
Africa | November - December 2025

Front-end Development (Beginners)
Program — TechCrush Africa |
August - November, 2025
